IT IS ELECTION DAY.

The Scenes and Incidents of June 1.

CHALLENGE TO BARKLEY.

Sensational Telegram by Tooze of Woodburn.

Election day opened beautiful and fair. At an early hour voting was well under way.

In Salem carriages were out hauling voters to the polls while the streets were thronged with crowds, good-naturedly talking for their tickets.

A telegram was sent out from Woodburn by Mayor Walter Tooze that Barkley's friends were scratching Tongue for congress.

A CHALLENGE.

SALEM, June 1, 1896. JOURNAL.—Whereas Mr. H. L. Barkley of Woodburn, is reported in your issue of May 30, as having challenged any Democrat or Populist in Oregon to meet him in joint debate upon the issues of the day, therefore:

The undersigned committee, appointed to represent Mrs. Mary E. Hobart of Washington, accept that challenge in her behalf and hereby call upon Mr. H. L. Barkley to meet said committee in person or by representatives to make the necessary arrangements.

J. B. STUMP. H. F. JORY. H. A. OLEMAN.

Jap Minto for treasurer was unjustly crucified all day on account of the numerous offices the Minto family have had and are holding. At the hour of going to press he was running right up with the ticket and working like a beaver for the straight Republican ticket.

The train men on the local said an immense colored and Italian vote was lined up at the polls in the lower wards and police and deputy sheriffs were in charge just as they were at the primaries. The railroad men could not get up to vote.

Judge Brown went to Eugene to vote. Treasurer Metschan and Frank Lovell to Portland. The constitution provides no man shall gain or lose a residence by virtue of his employment by the state.

Wm. Clarke, of the Gervais Star, came to Salem on the local. He says Barkley and McKinley Mitchell are getting a big vote at that place.

A SOUND MONEY CIRCULAR.

Following is an exact copy of a type written circular letter sent Sunday to every Republican voter in this county thought to be disaffected. It is headed and reads as follows: "Shall the Republican party continue to exist? If so scratch Barkley and vote for W. J. D'Arcy; scratch Craig and vote for Taylor; scratch Chapman and vote for John Bayne. This will be about the lines on which the Republicans who are such on principle will vote on next Monday. If all true Republicans vote and scratch in unison there will be repulse to political perfidy when the votes are counted. This is done after mature deliberation by many Republicans. By order of a special executive committee. Salem Oregon."

REPORTS FROM THREE COUNTIES. T. H. Tongue addressed an immense audience on the political issues of the day Friday night, at Tillamook and started early Saturday morning for Hillsboro, where he made the closing speech of his campaign Saturday night. There is great excitement here over the coming election. The contests over the local offices will be close. The Republicans will probably lose some of them. The A. P. A. is taking an active part in the fight. One would think that Crook County, being the biggest sheep county in the

state, would make protection the issue and relegate the money question to the background, but the reverse of this seems to be the case. Dr. Houck, the Republican candidate for representative, says he would rather vote for a sound-money Democrat for senator than a free-silver Republican, and George Barnes, the Democratic war horse of Crook county, is making stump speeches for the election of Dr. Houck. At The Dalles Saturday, as at many other places, the political speeches did not stop for Memorial day. The Democrats, however, had no speakers at hand, consequently the Times-Mountaineer says: "It was hoped that politicians would have desisted from delivering political speeches on this, the day set apart to paying tribute to the brave defenders of our nation, the old soldiers, but some few will raise their voice in political harangues this evening." The T.-M. did right in condemning political meetings on Memorial day, no matter what party holds them. An Oregonian telegram on politics at Salem has this today: "Although everybody talks of the probabilities for the county ticket it is noticeable that the political prophets fear to hazard an unqualified prediction. There is no denying the dissatisfaction with some Republican nominees and the 'vest pocket vote,' is feared. One thing favorable to the Republican nominees, however, is the fact that since the birth of the Populist party no regular nominee has been defeated, except by fusion, and, in but one instance. There is no fusion this time, but L. D. Smith, the Democratic candidate for the legislature, has withdrawn, and Weaver, Populist has practically withdrawn and a hard fight will be made for the other three. Taylor D'Arcy and Bayne.

OLD KENTUCKY SPEAKS

Goes Overwhelmingly Against the Goldites.

The People Snow Under the Secretary Trior Carlisle.

NEWPORT, Ky., June 1.—Much has been published today about Secretary Carlisle's old district, the sixth being carried yesterday for free silver. This (Kenton) county, the home of Carlisle, has two contesting delegations to the state convention. The county delegation favorable to Carlisle is not instructed, but it is believed it will be seated by the free-silver state convention at Lexington this week, although the other Kenton county delegation is instructed for free silver. Campbell county, the home of Representative Berry, of Newport, is instructed for the gold standard, and not contested.

The contest in this county is over the two county committees claiming control, rather than over the silver issue, and on either question it is believed that what is known as the Carlisle-Goebel delegation will be seated, even by those opposed to Carlisle's financial views. CINCINNATI, June 1.—The Enquirer has complete returns from 115 of the 119 counties in Kentucky, and claims that delegates to the Democratic state convention at Lexington, Wednesday, will, with the exception of Polk, Kinet, Spencer and Case counties not heard from, stand as follows: Silver ..... 784 Uninstructed ... 53 Gold ..... 60 Not heard from 13

STRIKE AT BUFFALO. More Victims Found of the St. Louis Storm. BUFFALO, N. Y., June 1.—Grain Shovelers Union No. 15, struck for advance wages from \$1.80 thousand bushels to \$2.50. They also declare for no Sunday work, for privilege employing own time keepers that they are to be at the elevators and not at the saloons as heretofore.

MORE STORM VICTIMS. ST. LOUIS, June 1.—Last week it was thought that forty or fifty patients were in the ruins of the city hospital. Today every person in the institution has been accounted for. Michael Dunn was the only patient killed outright by the storm. Some have died since, but only a few from injuries received. The doctors at the different institutions expect few additional deaths now among patients.

THE OREGON CYCLONE. News From a Few Storm Centers—Pennoyer and Mitchell Tickets Leading. AT PORTLAND. PORTLAND, June 1.—Election is passing off quietly. No trouble yet reported. Very heavy vote being polled. VOTING JAIL BIRDS. Several arrests have been made for attempted illegal voting. Bail was promptly given. Notably among them was Sam Goodman, a Simon heeler, who attempted to vote a prisoner from the county jail. The result will be determined very largely by the Independent Republicans.

It is estimated by conservative Republicans that Jeff Myers, Democratic free-silver candidate for congress, will receive 200 to 300 silver Republican votes. PORTLAND, June 1.—The feeling around the polling places is that the Pennoyer and Mitchell ticket are in the lead this afternoon. AT SILVERTON. SILVERTON, June 1.—There was never so much voting of mixed tickets as today. Large vote here for Hayden and Durbin. Republican legislative ticket scratched according to Salem circular. Kentucky Democrats. LOUISVILLE, May 30.—Democrats of Kentucky held a mass convention in every county this afternoon, to select delegates to state convention to be held in Lexington, June 3rd. Both sides claim to be confident, but the free silver men are more aggressive. They claim the convention today will give them a majority of at least 200 in the state convention.

He began to tell how he loved the silver men, etc. He was told that as he remained in the field to divide the silver vote he would be condemned by the friends of free coinage, and that it was done to draw silver Republicans away from Tongue.—ED. TURKISH ATROCITIES

Tales of Slaughter and Cruelty.

TREATY RIGHTS VIOLATED

Disclosures of Horrible Crimes From Official Sources.

CHICAGO, June 1.—Following official account of Turkish atrocities is today given out to the civilized world through the associated press by H. H. Van Meter: "The following facts are a few from the thousands established by incontrovertible evidence, and confirmed by Blue Books, Consular reports and unimpeachable testimony of eye witnesses, notwithstanding the unparagonable shame that those who were so brave as to testify in the face of almost certain imprisonment, torture and death, to these terrible truths; before European and Turkish consuls and commissions were deserted by 'The Great Powers' and left defenseless to be imprisoned, tortured and put to death by every devilish device which demons incarnate could contrive, while the 'Christian' nations looked on in criminal acquiescence, reading the bloodiest, blackest record that has ever blotted the pages of human history, in guilty silence, when the guns on the greatest armaments the world has ever seen, should be thundering up to the very throne of the eternal against these worse than hellish horrors which no mortal mind could begin to imagine in all their awful blending of tears and blood and agony and death with which it is written by bloody sword and bayonet, dripping dagger and gory spear, dandy ball and cruel blows, tortments and tortures too terrible to tell, crimes that boil the blood to dream of, wrongs that wring the heart to think of, horrors that sicken the soul to hear of, deeds no decent tongue could speak of, by demons who disgrace our race, and desecrate our age, and damn us if indifferent.

Truly, no pencil could picture, no pen could depict, no tongue could tell the terrible details of these awful tragedies of MODERN MARTYRDOM. In the midst of the maddest maelstrom of death and destruction that has ever darkened the ages; as Mohammedan demons, with their wild delirium of devilish delight, in obedience to orders of the sultan, seemed determined to exterminate the Christians of Sassoon, this scene occurred, as sworn to by eye witnesses—it being but one of innumerable instances of the like: An Armenian mother, a pure, Christian woman, assaulted by the Turkish soldiers, fell on her knees and implored them for the sake of her unborn babe to spare her. "Alah, himself, will reward you richly for this mercy shown to a woman in my state!" she cried. "Is it a boy or girl? they jeeringly asked. "Answer!" one shouted. "How can she tell?" exclaimed another. "Of course, she can; I can tell that myself. It's a boy! I bet seven medjidichs on it." Instantly the babe was taken, the stakes put up, and the pleading mother

Judge Lynch. COLUMBUS, Ga., June 1.—Six hundred men broke into the court room this morning at 10 o'clock and took Jesse Slayton, (negro), charged with assaulting Mrs. Howard Bryan, on Thursday last, away from the officers and hung him to a tree, subsequently filling the body with bullets. The mob afterwards took Myers (colored) charged with the same offense from jail and lynched him.

To Vote President's Veto. WASHINGTON, June 1.—The house committee on rivers and harbors today, decided to report to the house in favor of the passage of the river and harbor bill over the president's veto. There was no difference of opinion between the Democrats and Republicans. The only point of discussion was whether the report should be in the nature of a reply to the president's objections. An affirmative conclusion was reached. The bill will be called up on Tuesday for action.

THE BIO SHOW.—Bond Brothers' stupendous aggregation of great exhibitions will be with us at Salem, June 10. [Continued on second page.]

Suffering St. Louis. ST. LOUIS, June 1.—A mass meeting has been called for Tuesday afternoon, to consider the advisability of appealing for outside aid for the relief of storm sufferers. It states that the loss of property is estimated at \$20,000,000. Assistance is sorely needed, and the generous offers in this and foreign countries, could not be declined.

The Prisoners will be Released. LONDON, May 30.—The Secretary of State for colonies, Joseph Chamberlain, has received the following dispatch from the British agent at Pretoria: "All prisoners have been leaders. The latter cases will be considered later. Fines and punishment in lieu of payment will remain and the banishment also remains but it is suspended on an agreement that the prisoners will not interfere with the politics of the republic."

Saturday's Storm. NOSHOMO, Mo., June 1.—Seventeen lives were lost in Saturday's flood, at Seneca. The property loss will be between \$70,000 and \$100,000.

JOURNAL.]

From the Sunday Statesman: E. Hofer, the man who by an unfortunate mistake was chosen by the Marion county Republicans as a member of the legislature two years ago, desires the election of Vanderberg, the Populist candidate for congress from this district. He approached Jefferson Meyers, the Democratic candidate, on Monday, and demanded that that gentleman withdraw from the race. He told Jeff the "people" of this district would hold him responsible for Vanderberg's defeat in case he remained in the race, as though this would be a terrible calamity, and an awful stigma under which Mr. Myers would rest. He threatened Mr. Myers that if he refused the demand he would suffer for it, implying that he (Hofer) would do him the distinguished honor of abusing him in the twilight time-faction whose halting destiny is steered by his wavering intellect. There is no danger of Vanderberg or any man of his calibre, his partly, his anarchistic and socialistic views, or his associations, ever going to congress from the First Oregon district. The people generally have some respect for themselves, if on some occasions the portion of them resident within Marion county have indicated to the contrary by their unfortunate political mistakes. Vanderberg would not be elected if Mr. Myers were not in the race. Not by several thousand votes. The climate and the soil here are not congenial to such agitators. They have run their disgraceful and expensive course in the grasshopper districts of Kansas and Nebraska. Then why should Mr. Myers draw off? He represents a party that will live after the Populist organization is a black streak in a dark night—a bad memory, like the recollection of a disordered and feverish dream. Mr. Myers' party is the dominant political organization in several of the great states, and the second in others, where the Populist party is hardly known. Mr. Hofer is not only meddlesome and characteristically silly in his foolish demand. He is impudent. But a jackass cannot hide his ears.
